To change your email account to show ALL EMAILS:

1. Go to your home screen and click on "Settings".

2. Scroll down the left-hand side and find "Mail, Contacts, Calendars". Click on it so that it is highlighted in blue. You will see your email accounts in the top right-hand corner and you will need to click on "Exchange".

iPad 穼		9:31 AM	* 71% 🔳
